TO WHOM IT MAY CONCERN:

It is my pleasure to recommend Phil Jaderborg. He installed our first office computer network in November 2000 and supported continuously since then, including several upgrades and an office relocation.

We are a 15 person CPA firm and so we don't maintain our own in-house technology expert. Phil filled that role for us, supporting not only the network, but also our remote access and wireless capabilities.

Phil was very responsive and proactive. He would usually return urgent calls within an hour.

He would make appropriate suggestions to add to our capabilities and make us more efficient. He was sensitive to our time deadlines and worked around our time needs (i.e. evenings, weekends and holidays). We would be a smaller firm today without Phil's suggestions.

The networks that Phil installed have never had downtime that got in the way of our ability to serve our clients.

Sincerely,
