Multifamily Investment and Management

To whom it may concern:

I have known Phil Jaderborg for many years. Phil has given NALS outstanding service and he's very dedicated to his job. His knowledge of computers/ networks makes him a very unique individual. He has performed all of our company's server upgrades over the years without any problem. Phil responds quickly and professionally. His recommendations were always good and he kept the cost of repair in mind.

We wish him much success and we will miss him dearly.

Emanuel J. Pacheco
